

Student Association of Electronics and Computer Engineering Department

The **Electronics and Computer Engineering Students' Association (ECONEX)** is dedicated to fostering an environment that supports the holistic development of students. The association organizes a variety of technical and professional skill-building initiatives, including workshops, coding competitions, project exhibitions, and technical events that showcase innovation and practical knowledge.

While **ECONEX** primarily focuses on technical activities, it also coordinates several non-technical events such as Fresher's Welcome, Teachers' Day celebrations, Engineers' Day, Farewell programs, and social outreach activities, promoting a well-rounded student experience.

In collaboration with **ECONEX**, students also organize various technical and non-technical talks, workshops, and seminars under the guidance of industry experts and professional bodies. These events provide valuable platforms for knowledge sharing, skill enhancement, and professional networking.

Goal

The goal of **ECONEX (Electronics and Computer Engineering Students' Association)** is to nurture technically competent, innovative, and industry-ready engineers by providing a platform for experiential learning, collaboration, and professional growth.

Objectives

- To enhance students' technical skills through workshops, seminars, and hands-on training.
- To bridge the gap between academic knowledge and industry requirements.
- To develop leadership, teamwork, and professional skills among students.
